

PSHE SCHEME OF WORK

This scheme of work has been devised using the concepts and core themes defined by the PSHE Association's Programme of Study.

The overarching concepts of our scheme of work are:

1. **Identity** (their personal qualities, attitudes, skills, attributes and achievements and what influences these; understanding and maintaining boundaries around their personal privacy, including online)
2. **Relationships** (including different types and in different settings, including online)
3. **A healthy** (including physically, emotionally and socially), **balanced lifestyle** (including within relationships, work-life, exercise and rest, spending and saving and lifestyle choices)
4. **Risk** (identification, assessment and how to manage risk, rather than simply the avoidance of risk for self and others) **and safety** (including behaviour and strategies to employ in different settings, including online in an increasingly connected world)
5. **Diversity and equality** (in all its forms, with due regard to the protected characteristics set out in the Equality Act 2010)
6. **Rights** (including the notion of universal human rights), **responsibilities** (including fairness and justice) **and consent** (in different contexts)
7. **Change** (as something to be managed) **and resilience** (the skills, strategies and 'inner resources' we can draw on when faced with challenging change or circumstance)
8. **Power** (how it is used and encountered in a variety of contexts including online; how it manifests through behaviours including bullying, persuasion, coercion and how it can be challenged or managed through negotiation and 'win-win' outcomes)
9. **Career** (including enterprise, employability and economic understanding)

These concepts are explored through three core themes.

Core Theme 1: Health and Wellbeing

This core theme focuses on:

1. what is meant by a healthy lifestyle
2. how to maintain physical, mental and emotional health and wellbeing
3. how to manage risks to physical and emotional health and wellbeing
4. ways of keeping physically and emotionally safe
5. about managing change, including puberty, transition and loss
6. how to make informed choices about health and wellbeing and to recognise sources of help with this
7. how to respond in an emergency
8. to identify different influences on health and wellbeing

Core Theme 2: Relationships

This core theme focuses on:

1. how to develop and maintain a variety of healthy relationships, within a range of social/cultural contexts
2. how to recognise and manage emotions within a range of relationships
3. how to recognise risky or negative relationships including all forms of bullying and abuse
4. how to respond to risky or negative relationships and ask for help
5. how to respect equality and diversity in relationships

Core Theme 3: Living In The Wider World (Economic Wellbeing and Being A Responsible Citizen)

This core theme focuses on:

1. about respect for self and others and the importance of responsible behaviours and actions
2. about rights and responsibilities as members of families, other groups and ultimately as citizens
3. about different groups and communities
4. to respect diversity and equality and how to be a productive member of a diverse community
5. about the importance of respecting and protecting the environment
6. about where money comes from, keeping it safe and the importance of managing it effectively
7. the part that money plays in people's lives
8. a basic understanding of enterprise

Our Reception Scheme of Work is developed and taught through Development Matters and the Early Years Profile. (See below for areas of learning and associated competencies).

Area of Learning	Examples of how it is developed ...	Competencies
Personal, Social and Emotional Development: Making Relationships	Exploring concepts such as relationships	They show sensitivity to others' needs and feelings, and form positive relationships with adults and other children. (ELG)
Personal, Social and Emotional Development: Self-Confidence and Self-Awareness	Application of values based skills such as cooperation, resilience, responsibility, trust, tolerance	Children are confident to try new activities, and say why they like some activities more than others. They are confident to speak in a familiar group, will talk about their ideas, and will choose the resources they need for their chosen activities. They say when they do or don't need help. (ELG)
Personal, Social and Emotional Development: Managing Feelings and Behaviour	Exploring concepts such as relationships, change and resilience	Children talk about how they and others show feelings, talk about their own and others' behaviour, and its consequences, and know that some behaviour is unacceptable. They work as part of a group or class, and understand and follow the rules. They adjust their behaviour to different situations, and take changes of routine in their stride. (ELG)

Communication and Language: Listening and Attention	Discussion of PSHE and values based stories	Children listen attentively in a range of situations. They listen to stories, accurately anticipating key events and respond to what they hear with relevant comments, questions or actions. They give their attention to what others say and respond appropriately, while engaged in another activity. (ELG)
Physical Development: Health and Self-Care	Exploring concepts such as a healthy and balanced lifestyle, risk and safety	Children know the importance for good health of physical exercise, and a healthy diet, and talk about ways to keep healthy and safe. They manage their own basic hygiene and personal needs successfully, including dressing and going to the toilet independently. (ELG)
Understanding The World: People and Communities	Exploring concepts such as relationships, diversity and equality	Children talk about past and present events in their own lives and in the lives of family members. They know that other children don't always enjoy the same things, and are sensitive to this. They know about similarities and differences between themselves and others, and among families, communities and traditions. (ELG)
Characteristics of Effective Learning	Skills applied and developed implicitly in all areas of learning and through explicit PSHE lessons and activities.	<p><u>Playing and Exploring – Engagement</u> Finding out and exploring Playing with what they know Being willing to 'have a go'</p> <p><u>Active Learning – Motivation</u> Being involved and concentrating Keeping trying Enjoying achieving what they set out to do</p> <p><u>Creating and Thinking Critically – Thinking</u> Having their own ideas Making links Choosing ways to do things</p>

Our Year 1 to 6 scheme of work consists of 8 strands:

- Emotional Health and Wellbeing
- Healthy Bodies *
- Physical Activity *
- Drugs, Alcohol and Tobacco Education
- Me and My Money
- Anti-Racism and Multicultural Education
- Sex and Relationships
- Extremism and Radicalisation (Key Stage 2)

* assessed as one strand

With the exception of the Sex and Relationships strand (which is taught in the Summer term) these strands are not intended to be taught in any particular order or in a specific term. The timings of the scheme are designed to be flexible so it can meet the needs of each year group/cohort of children/class. The units of work within each strand also have no set duration enabling further adaptability.

Each year group has a specific unit of work within each strand (with the exception of the Extremism and Radicalisation strand which is just for Key Stage 2). These units of work are based around a core resource, however additional resources are suggested if teachers decide to extend the unit in order to meet the specific needs of their class.
