

Beauty Surrounds – Geography

Go on a walk down Morecambe Promenade or imagine you are on a walk.

What human features can you see?

E.g. The Midland, The Power Station, hotels, wind farm

What physical features can you see?

E.g. sea, sand, islands, hills, rivers

Make a list of the features.

Then create your own map of Morecambe which visitors could use.

Remember to include symbols and a key so visitors can identify different features and places.

Research the ocean and rivers which surround Morecambe Bay.

Visitors may wish to visit other places which you can reach from Morecambe Bay. Research places you can see from Morecambe Bay. You could go and visit the metal monument on the Prom to help you.

Beauty Surrounds – History

In the Victorian times it was extremely popular to travel to the seaside for a short break. Morecambe used to be one of the best destinations to visit.

Watch this video of Morecambe to see what it was like in the past.

What is the same and what is different to now? Which human and physical features can you spot?

<https://www.youtube.com/watch?v=KLRQ8ElrEoU>

Find out about:

- What was clothing and swimwear like?
- Where did people get changed?
- What kinds of snacks did people like to eat?
- What was there to visit and see?
- What entertainment was there for people to watch and do when they were visiting?

Split your page in half and create 2 contrasting posters.

One to advertise a visit to the seaside in the Victorian times and one to advertise a visit to Morecambe now.

Make sure you can see the difference between then and now.

Use writing and pictures and remember you are trying to persuade people to visit!

Beauty Surrounds – Art

Research the artist Natalie Pascoe.

Where does she live?

What does she use as inspiration for her artwork?

What does she paint with?

Use your knowledge of human and physical features to create your own picture of the seaside in Morecambe in the style of Natalie Pascoe.

Can you include:

- round shapes and square shapes
- features of the local area
- bright colours
- patterns

Nature Astounds - Science

What kinds of wildlife live in Morecambe Bay? Which plants grow in and around the Bay? Remember there are animals and plants on the shore and under the sea.

Create a picture with an explanation of some animals and plants that live in the coastal habitat. Then create a contrasting picture of a different habitat e.g. desert, rainforest, Arctic.

There are lots of birds which live in and around Morecambe Bay. Use the attached sheet throughout the week to see which you can spot from your house or walks you go on. Can you find out what these birds eat and why they are suited to living around the Bay?

Create a food chain showing the producer, prey and predator. Remember to use arrows to show the flow.

Eden North Project – June 2020

Beauty Surrounds, Health Abounds and Nature Astounds

Beauty Surrounds – Music and Entertainment

When The Winter Gardens was originally built, it had bars, baths and a ballroom. This was a large attraction for visitors and many people made memories there with their families.

A popular song at this time was **Daisy Bell**.

Can you learn the lyrics to this song and perform it?

Nature Astounds - Geography

There are lots of ways to get to the seaside and how you get there depends on where you are coming from.
What kinds of transport do we use today?
What kinds of transport did they use in Victorian times?
What is the same and what is different about these?
How long would a journey from Lancaster take using different methods of transport? Now compare these to a journey from London using different methods of transport.
Remember to include more than just cars - think about how people move down the promenade!

Health Abounds - PE / Well-being

The seaside and promenade offer lots of opportunities for exercise.
Why is exercise so important to humans?
Look at your breathing, temperature and body movements when you're resting. Then do 10 minutes of exercise.
What is the difference in your breathing, temperature and body movements?
Try different types of exercise - do these affect you differently? E.g. running, yoga, walking, playing with a football.
