

Multiply Mixed Numbers by Integers

1. Write and complete the multiplication sentence that matches the image below.

$$\boxed{} \frac{\boxed{}}{\boxed{}} \times \boxed{} = \boxed{} \frac{\boxed{}}{\boxed{}}$$

2. Complete the statement below using $<$, $>$ or $=$.

$$3 \frac{4}{5} \times 3$$

$$2 \frac{2}{10} \times 5$$

3. Use the digit cards to complete the calculation.

$$1 \frac{\boxed{}}{7} \times \boxed{} = 5 \frac{\boxed{}}{7}$$
