

Comparing the stories

Think about Mukta, Kelvin and John. What are the similarities and differences between their lives and the places where they live?

If they all have something in common, write it in the middle of the three circles

If there is something which only appears in one story then write it in that person's circle

Why?

John talks about not being able to concentrate at school sometimes.
Why?

Start here

John can't
concentrate at
school

Why?

Because...

Why?

Because...

Why?

Because...

Why?

Because...

So why is irrigation
a good solution?

Because...

Remember: Irrigation is
moving water from one
place to another so that the
crops don't dry out and die

From a challenge to a solution

Look at the challenges which Mukta and Kelvin faced. How were they solved? Are there challenges which haven't been solved?

Mukta's challenge

Solution

Kelvin's challenge

Solution

Unsolved challenge

Can you think of a solution?

Kelvin's jumbled day

Kelvin's day is all jumbled up and his goats are getting hungry!
Can you put his day in the right order?

Last, we sleep

I have my lunch and rest for some time

Then we go to the house and have dinner

I take the animals home for milking

At midday I take the animals back home

I go herding in the morning

I have breakfast

I wake up

I go back to herding again

I wake up

Draw an arrow to the correct box and write Kelvin's day in order

My day off school

What do you do on a day off school? How is this different to Kelvin's?

On my days off school I:

How is my day different to Kelvin's?

My day has more:

My day has less:

Our days are similar because:

Why do some people go hungry?

Think about the stories you have heard today.

Why do you think some people in the world go hungry?

I think some people go hungry because:

Name..... Date.....
