Do 1

Circle all the numbers greater than 4,500

7,000   3,960   4,499   985   4,526
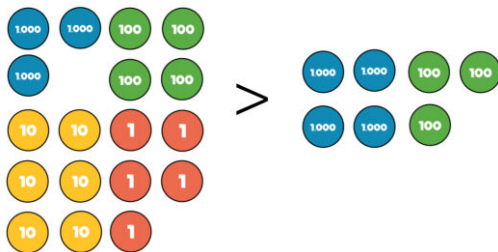

Do 2

Write the missing phrase.

is less than   is greater than

a) 4,720 _____ 4,635

b) 5,100 _____ 800

c) 3,195 _____ 3,591

d) 2,000 _____ 7,999

Think 1   True or false?

Explain how you know.

Think 2

Convince me that 5634 is less **than 9523.**

Explain

Order the numbers below.
Which would be the fourth number?

33   53   37

29   34   43

Explain how you ordered them.

Solve

I am thinking of a number. It is greater than 3,000, but smaller than 5,000

The digits add up to 15
What could the number be?

Write down as many possibilities as you can.

The difference between the largest and smallest digit is 6. How many numbers do you now have?
